A.R.I FLOW CONTROL ACCESSORIES

6th August 2008

Dear Customer

We are proud to announce that A.R.I.'s products have been officially certified for use in drinking water systems according to the **DVGW, OVGW, SVGW** and **SGS** European Standards authorities criterion.

The A.R.I. valves were reviewed and tested at an official institute according to the requirements of the EN 1074 standard as well as the following national standards for **Hygienic properties of materials in contact with drinking water:**

- Germany - VP 646 and BGA KTW
- Switzerland - W/TPW 164
- Austria - PW 501-1

As a Consequence of the above, A.R.I. products have been granted certification in Germany, Switzerland, Austria, Spain and Portugal .

These certifications for A.R.I. valves join the WRAS certification of the British standards for drinking water accessories, the NSF 61 certificate of the American standard for drinking water in the United States and the French Standard DGS/SD7A N^o 571 for Drinking water.

We will be happy to be at your service, as always.
